

MANOR HILL NEWS

26th of June 2026

www.manorhillfirst.co.uk

Dear Families,

What a wonderful trip to Hoy Lake Key Stage One had! They had a fantastic time bringing their geography knowledge and skills to life whilst learning about how to stay safe. A huge thank you to the teaching team and the volunteers that supported this event.

It's certainly been a hot week, but I'm sure you will agree that Team Manor Hill has done an excellent job of keeping the children safe while bringing lots of splashtastic fun to the days! A steady supply of ice lollies definitely helped everyone stay cool.

We are hopeful that Sports Day can go ahead on the reserve dates. We are very sorry that it had to be postponed, but as always, everyone's safety is our top priority. Next week we look forward to transition sessions and wish our Year Fours the best of luck at their Middle School Settings.

Wishing you all a wonderful weekend.

Thank you for your continued support.

Mrs Lindsay Harris, Executive Headteacher & Team Manor Hill

Key Stage 1 Hoy Lake Trip

Highlights

On Tuesday, Little Learners had an amazing sports session. We enjoyed a variety of fun activities throughout the morning. We showed fantastic enthusiasm and took part in races, cheering each other on. We have made the most of the warm weather, with lots of water play to keep us cool.

Bright Beginners have also been keeping cool with lots of water play. We have practised pouring from jugs and funnels, we have also enjoyed washing our baby dolls.

This week, Early Explorers been looking at different shells and how pretty their patterns and shapes are. We have also made our own shells out of Play-Doh. Of course, we had lots of water play too!

In Reception this week, we have been learning through water play. We have enjoyed discovering what items will sink and which will float.

This week, Willow have continued to learn about the coast and had the most wonderful time along with Maple and Elm visiting it! We have enjoyed lots of games and "talk stories" in the hut to keep cool!

Elm Class have shown incredible maturity this week. They have handled the heat so well and enjoyed lots of outdoor learning. They continued to learn about the seasons in Science to which they made fantastic links for this week's weather and climate change.

Maple Class have enjoyed learning about physical and human features of coasts in preparation for our trip to Hoy Lake next week. In Maths, we have enjoyed learning about measuring volume and money.

This week, Birch and Ash Classes have taken part in outdoor lessons, in the shade. We set our classroom on the field and continued with our "time" topic in Maths. In Geography, we have learnt where lots of different foods come from, from around the world.

In Geography this week, Elder Class have used compasses to direct their partners around the field. We have also used the eight compass points to locate different areas on a map.
